**RAINBOW INTERNATIONAL® is here to help when you need us most.**

*Rainbow International* is excited to announce a new program designed to recognize the invaluable referrals plumbers and HVAC contractors send our way. This program helps put money in your pocket and gives your customers the world class service they expect and deserve.

If a certified water damage professional does not assess and begin remediation immediately, simple water damage can quickly turn into a costly reconstruction project. Because we understand how important it is to react quickly in the unfortunate event of water damage, you can rely on *Rainbow International* to provide emergency response and quick professional service 24-hours a day.

For more information please contact us. We look forward to creating a lasting business relationship with you!
